My name is Dori Levari, and I am a booster representative for the Atlantic County Institute of Technology Crew team.

As our school continues to grow, so does our athletic department. Five years ago, our school was able to create a men's and women's crew team. This program started from the ground up. Thanks to our community supporters, we have been able to purchase some boats but are still in need of additional boats for our growing team.

We would like to invite you to be a part of the growth and success of such a diverse program. With the financial assistance of your business and others in the community we desire to continue providing opportunities for kids across the county to both succeed. Your donation will help fund equipment needed to maximize training and racing both on and off the water. Without the support of our community this will not be possible.

Our kids have worked so hard to reach their goals and did phenomenal last season. Our hope is to continue to provide a successful program to these dedicated youths.

Our school is in the heart of Atlantic County. Our students represent almost every city in our county and nothing more would be appreciated than to have local businesses support and sponsor us. Your donation will be recognized by either name on boats, oars, shirt, booster banner, etc... It will not go unnoticed.

I thank you in advance for your generosity. For your reference, I have provided our EIN. I can provide you with a copy of 501 (C) (3) for tax purposes. Checks can be made to **RED HAWK FAMILY SCHOOL ASSOCIATION**

Please join us in our pursuit of excellence. With your donation, we are one step closer to being a top program in the county and beyond.

With Gratitude,

Dori Levari
